

Private aircraft tours

12 Apostles from all angles

An outback jet | A boundless sky | A continent at your fingertips

Words in a brochure can explain the facts, but they can't explain the feeling – the life-enriching sense of adventure that comes from flying over an enormous country in a private aircraft.

The only way to understand that is to hop on board the Outback Jet and feel it for yourself!

"It was so wonderful to have had the opportunity to visit these marvellous features of Australia in such luxury and comfort. Thanks to all at Air Adventure, I enjoyed every minute!"

A life enriching experience

Hassled crowds. Selfie sticks. Fifteen-hour drives along melting tarmac highways. Is that really the best way to discover a continent as vast and alluring as Australia?

The rare travellers who delve beyond this country's surface begin to discover something special. It might start with a colourful tale they overhear in an outback pub – or the discovery of a seemingly hidden cove. Sometimes it's the local legends they encounter, and sometimes, a glimpse of the scorched riverbed from high above is what does it.

Whatever the cause, the result is the same: a meaningful connection to this land, formed by moments that can't quite be put into words.

With an experienced guide – and a sturdy pair of wings – you can travel higher, faster, and further than most people ever get the chance to do.

You can discover the *real* Australia.
