

TOP 5 REASONS PRIVATE HOLIDAYS ARE TAKING OFF

WHAT IS A PRIVATE HOLIDAY?

A HOLIDAY TAILOR-MADE JUST FOR YOU...

IMAGINE if the vast distances of Australia were no longer a barrier for you...

You can enjoy **COMPLETE FREEDOM** in the Australian Outback with a tailor made holiday just for you and 7 of your nearest and dearest, equipped with a **LUXURY PRIVATE AIRCRAFT**, capable of traversing the continent as well as your own **PERSONAL CREW** to fly and guide you.

A Private Holiday by private aircraft is not an off-the-shelf package, each is a unique holiday adventure to suit you and your interests. Whether it's the untouched wilderness of Arnhem Land, combing beaches without footprints on the spectacular Kimberley Coast, flying into the private, dusty runway of a 500,000 acre cattle station in the Northern Territory or setting foot on the northern-most tip of mainland Australia, a private holiday has been curated based exclusively on what's important to you.

A private holiday enables travel **WITHOUT THE CROWDS**, queues, disruptions and gives you more time to spend time together with family and friends - often in the most incredible and remote parts of the Australian outback. Experience wide open spaces, rich history and breathtaking scenery with **EVERYTHING ARRANGED FOR YOU**.

Since 1977 Air Adventure Australia have been enriching people's lives by transforming the way they experience remote Australia - putting the best of the outback within easy reach.

Where will your adventure take you...?

THE MOST TIME EFFICIENT WAY TO TRAVEL

FLYING PRIVATE means not only can you land where commercial airlines can't, you're not held back by timetables and check in queues. You fly **WHERE YOU WANT, WHEN YOU WANT**. Holidays have never been so **FLEXIBLE**.

AUSTRALIA IS MASSIVE! But what if in just **2 WEEKS** you could traverse the continent and explore the very best, outback locations Australia has to offer - most of which are unknown to the masses and some which are not even accessible by road?

A private holiday with Air Adventure puts the **BEST OF THE OUTBACK WITHIN EASY REACH**, giving you more quality time for your holiday - relaxing and enjoying your time together rather than queuing in lines, waiting for scheduled departures or sitting in transit to each destination.

The immaculate Swiss built Pilatus PC-12 will significantly reduce the amount of time spent in the air, which means you get even **MORE TIME EXPLORING EACH DESTINATION**. The Outback Jet's ability to land on short, remote runways also means you land right at the heart of the action, eliminating lengthy transfers.

Simply put, there is no better way to explore outback Australia than by private aircraft.
