Fly or train to Darwin by your own arrangements. The Ghan departs Adelaide on Sundays arriving Tuesday 1730. Flights operate numerous times daily with most major airlines. We can arrange this travel for you, including additional overnight accommodation in Darwin, if required.

This trip is designed to coincide with the 'tail end' of the Wet. While this is not an exact science it should show you raging waterfalls, swollen floodplains and everything looking vibrant green and refreshed - you might even get to witness an afternoon storm.

Daily Itinerary

Day 1: Darwin – Mt Borradaile, Arnhem Land

Depart Darwin early morning flying over the East Alligator River and into Arnhem Land. Touch down outback style at the Borradaile airfield before being taken into the camp for a welcome orientation. Here your hosts Max Davidson and his team will ensure an adventure that makes clichés a reality. There are plenty of activities at Mt. Borradaile and two days here will offer numerous activities set amidst some of Arnhem Land's most stunning scenery. An afternoon tour will leave you amazed at the sheer volume of water that the Wet produces, as you follow dry season roads in your boat!

Accommodation for the next two nights is at Max Davidson's **Mt. Borradaile Camp** in an en suite cabin.

Flight time 1hr

Day 2: Mount Borradaile

Mount Borradaile's 700km² lease is renowned for its abundance of high quality cave paintings with fine examples from the Freshwater, Contact and Estuarine periods, including the majestic Rainbow Serpent – one of the most potent symbols of aboriginal spiritualism. Expert commentary will explain why Borradaile is such a significant place. Lunch is served with a view, and more exploration to follow.

Another draw card for the Wet is that you won't be sharing the experience with many others at all.

Day 3: Mt Borradaile – Jim Jim Falls/Twin Falls, Kakadu – Bullo River Station

Following breakfast, depart skyward for an aerial exploration of Kakadu (including the Jim Jim and Twin Falls). Arrive at Bullo River Station in the Territory for late lunch and an exploration of this station situated on the estuarine Bullo River, not far from the Queens Channel.

Accommodation for the next two nights is at **Bullo River Station's guesthouse**.

Flight time 2hrs 30mins

Day 4: Bullo River Station

Today 500,000 acres of rivers, gorges and wetlands are yours to explore – with the care and expertise of your hosts at Bullo River Station. 4WD, boats and helicopters will be employed to get you to some of the station's prettiest and most dramatic locations. Enjoy!

This time of year is also optimal for barramundi fishing – once landed; the challenge is set for your chef to create your own impossibly fresh barra delight.

No flight today

Day 5: Bullo River Stn – King George Falls – Berkeley River – Kununurra

Spend an outback morning with your wonderful hosts on the station. Following lunch re-board your aircraft, tracking over Wyndham and the Five Rivers lookout, continue to the mighty King George Falls on the isolated Kimberley coastline. This time of year these falls are thundering, as the King George River abruptly ends with an 80m free-fall into the sea. We then land back in Kununurra in time for your connecting commercial flight back to Darwin (included).

Flight time 3hrs total

Note: there are no fixed departure times for flights conducted on any day of this tour. Departure times will be determined on a day by day basis by discussion between the pilot, tour guide and participants.
