Heli-tour, Bullo River Falls, NT

An afternoon tour will leave you amazed at the sheer volume of water that the Wet produces, as you follow dry season roads in your boat!

2 nights at Max Davidson's Mt. Borradaile Camp
(ensuite cabin)

Flight time 1hr

Day 2: Mount Borradaile

Mount Borradaile's 700km² lease is renowned for its abundance of high quality cave paintings with fine examples from the Freshwater, Contact and Estuarine periods, including the majestic Rainbow Serpent – one of the most potent symbols of aboriginal spiritualism. Expert commentary will explain why Borradaile is such a significant place. Lunch is served with a view, and more exploration to follow. Another draw card for the Wet is that you won't be sharing the experience with many others at all. Get out on the water, up close with birds and experience an entire wetlands ecosystem. No flight today.

Day 3: Mt Borradaile – Jim Jim Falls/Twin Falls, Kakadu – Bullo River Station

Following breakfast, depart skyward for an aerial exploration of Kakadu (including the Jim Jim and Twin Falls). Arrive at Bullo River Station in the Territory for late lunch and an exploration of this station situated on the estuarine Bullo River, not far from the Queens Channel.

2 nights at Bullo River Station's guesthouse.

Flight time 2hrs 30mins

Day 4: Bullo River Station

Today 500,000 acres of rivers, gorges and wetlands are yours to explore – with the care and expertise of your hosts at Bullo River Station. 4WD, boats and helicopters will be employed to get you to some of the station's prettiest and most dramatic locations. Enjoy! This time of year is also optimal for barramundi fishing – once landed; the challenge is set for your chef to create your own impossibly fresh barra delight. No flight today.

Day 5: Bullo River Stn – King George Falls – Berkeley River – Kununurra

Departing Bullo River after a leisurely breakfast you'll re-board your aircraft and be airborne around 10:00 CST. Tracking over Wyndham and the Five Rivers lookout, continue to the mighty King George Falls on the isolated Kimberley coastline. This time of year these falls are thundering, as the King George River abruptly ends with an 80m free-fall into the sea. We then land back in Kununurra. You can then choose to extend your stay in Kununurra, continue onto Broome or connect on your commercial flight back to Darwin homeward bound.

Brahman Cross Weiners, Bullo River Station, NT

In the early 1960s the north of Western Australia was still considered by many to be the end of the world. Then along came **Rod Dyer (1925-2008)- Pioneering Pastoralist and Bush Pilot** - with a vision.

Air Adventure Australia was founded by Rod having clocked up over 10,000 hours as a bush pilot he pioneered 'Ellenbrae' cattle station in the Kimberley back in the 60s.

It was the combination of **Rod's knowledge, love of the outback and flying** that led him to launch Air Adventure. Since 1977, thousands of travellers have chosen to fly with Air Adventure to the Australia less-travelled.

Today, the company is guided by Rod's son, John Dyer who is also a pilot and very passionate about creating high quality travel experiences spanning the entirety of the Australian continent.

His team at Air Adventure, including his wife Alyson, share his enthusiasm and **dedication to create unforgettable travel** for their guests.

Don't just take it from us... here's what our previous travellers say:

"We could not choose a favourite place or visit - we love them all! What a wonderful taste of Northern Queensland, its' geography, flora, animals, wonderful people and food!"
