A Taste of King Island

An outback jet | A boundless sky | An entire island at your fingertips

Words in a brochure can explain the facts, but they can't explain the feeling – the life-enriching sense of adventure that comes from flying over an enormous country in a private aircraft.

The only way to understand that is to hop on board the Outback Jet and feel it for yourself!

Discover a unique part of Australia that very few people are fortunate to experience.

A life enriching experience

Long drives, rigid itineraries, or hours transiting between destinations. Is that really the best way to discover a continent as vast and alluring as Australia?

The rare travellers who delve beyond this country's surface begin to discover something special. It might start with a colourful tale they overhear in an outback pub – or the trade secrets they learn from a passionate local cheesemaker. Sometimes it's the local legends they encounter, and sometimes, a glimpse of hidden shipwrecks from the dunes is what does it.

Whatever the cause, the result is the same: a meaningful connection to this land, formed by moments that can't quite be put into words.

With an experienced guide – and a sturdy pair of wings – you can travel higher, faster, and see more in one day than you ever thought possible.

You can discover more of the *real* Australia.
